EXONERATE BUILDERS

OPEN SHOP PRINCIPLES VICTORY IN SUPERIOR COURT

NOT GUILTY OF ANTI-TRUST LAW VIOLATION

Legal Controversy of Long Standing Ends With Victory for American Plan In Building Trades

San Francisco.—Thirty-four individuals and firms, including the San Francisco Builders' Exchange, charged with violation of the Cartwright anti-trust law, were found not guilty by a jury in superior court. The jury was out approximately 1 hour and 45 minutes.

The verdict ends a legal controversy which began in December of last year when the district attorney filed an information accusing the builders' exchange and a number of building supply houses of San Francisco, which had united to maintain the open shop principle, of conspiring to restrain trade and competition by refusing to sell to contractors and dealers operating on the strict union basis.

Testimony was given to show that the builders' exchange and the industrial association were cooperating to enforce the American plan from June 21, 1921, until the time of filing the information, and brought out that a permit system of selling materials to contractors was maintained, and that certain contractors were denied supplies.

Counsel for the defense, showed that a strike existed in San Francisco during this period and that this policy was enforced with the object of furthering the American plan or open shop principle.

LIMITING LIQUOR FOR THE SICK IS UNCONSTITUTIONAL

New York.—A federal judge has ruled that a physician may prescribe as much liquor for a patient as he considers necessary, declaring void that section of the Volstead act limiting the amount. The decision, on which an immediate appeal is to be taken, will have sweeping effect on the Volstead and Harrison acts, if sustained. The Harrison drug act limits the amount of narcotics a physician may give an addict.

The opinion was rendered in an injunction proceeding brought by a New York physician to restrain Federal Attorney Hayward from limiting the amount of liquor a doctor could prescribe.

McDONOUGH'S WILL FIGHT TO AVERT JAIL SENTENCE

San Francisco.—Every legal means possible will be used to keep Peter McDonough, bail bond broker and "King of the Tenderloin," out of prison. Peter and his nephew, Harry Rice, stand convicted in United States district court, as bootleggers. Both were found guilty by a jury on two counts of violating the national prohibition laws. Each faces a maximum penalty of one and one-half years in the county jail and a $1,500 fine. The jury took two hours and eight minutes to reach their verdict of "guilty." Government officials express themselves as gratified.

Cowboy Painter Earns $30,000

Great Falls, Mont.—Pictures from the brush of Charles M. Russell, the "Cowboy Artist" of Great Falls, have sold in the last four or five months for an aggregate of more than $30,000. Following the sale last fall by the "cowboy artist" of a canvas to the Prince of Wales for $10,000, he has sold a number of pictures to prominent collectors for large sums.

Government Takes Appeal

Washington.—The federal government will immediately appeal to the supreme court from the decision of the special panel of federal judges in New York, denying the government's application for an injunction restraining the New York Coffee and Sugar exchange and the New York Coffee and Sugar association from speculating in sugar prices.

Nevada Wool Clip Sold

Reno, Nev.—Wool-buying activitites in Humbolt county have given rise to the belief that the entire 1923 clip will be disposed of before shearing is completed. A Boston buyer purchased approximately 200,000 pounds of wool from growers in the district. Shipments of wool have already started.

Irish Negotiations Fail

Dublin.—Negotiations for settlement of insurgent guerilla strife in Southern Ireland have broken down. Eamonn de Valera, in the Tipperary hills, with only the fanatical women who lost sons and husbands in the rebellion as a bodyguard, is expected to make his last stand.

Eleven Jap Banks Merger

Tokio.—The eleven banks controlled by the Yasuda family are to be combined, with a capital of one billion, fifty million yen.

963,694 Cars Loaded In Week

Washington.—A new spring record for railroad freight traffic is announced by the American Railway association. During the week ending April 28, 963,694 freight cars were loaded.

This was not only the greatest number loaded in any week since last November, but was only 5 per cent under the biggest week on record—that of October 14, 1920, when the total was over one million. An abnormally heavy movement of merchandise and miscellaneous freight was responsible, the association said.

HOOVER WARNS OF INFLATION'S DANGER

Tells Chamber of Commerce That "Boom" May End.—Four Suggestions Are Offered.

New York.—Secretary of Commerce Hoover, watching the country as it rises into prosperity, stresses the need of caution and recommends four safeguards for preventing a resulting depression such as occurred in 1921.

In an address before the United States Chamber of Commerce here, Mr. Hoover offered these suggestions for holding prosperity:

1—Saving enlarged earnings and resisting waste and extravagance by the people.

2—Prevention of over-expansion and speculation by business men.

3—Caution by bankers and credit men against advancing speculative credits.

4—General comprehension of the situation and unity of action in meeting it carefully.

This period of prosperity is much more stable and advancing more steadily than the swift boom of 1920, Hoover declared, and added, "we have no need to go into a period of inflation."

POSTAL RETURNS SHOW GAINS OVER LAST YEAR

Washington.—Return of prosperity and business activity has been more rapid in the country's smaller communities than in the leading cities, the postoffice department believes, on the showing of figures revealing increases in postal revenues for April. While the fifty leading cities showed an average increase of 10 per cent in postal receipts, the smaller ones went to 11.56 per cent. Eight of the smaller industrial centers showed increases of more than 20 per cent Cheyenne, Wyo., leading with 46.98 Others in this list included Oakland, Cal., 23.81.

HEROIC BOY SCOUT OF 12 SAVES CHILD FROM DEATH

Alameda.—Ralph Boone, 12, saved the life of an unidentified girl, 4 years old, when he plunged into the estuary from the wharf of the United Box factory here. The boy was fishing when he heard a cry, jumped into the estuary, straddled a short log and paddled to where the child had fallen in. The mother took the child in her arms, hurried to an automobile and departed without making her name or address known. Officials of the Boy Scouts are endeavoring to locate her, in order that young Boone may be given a gold medal for the rescue.

NEGRO PENSIONER SERVED FORTY YEARS IN SLAVERY

Washington.—The oldest employee on the retirement rolls of the government is Mark Thrash, a negro, of Rossville, Ga., who, is 102 years old and has been in the federal employ for twenty-eight years. He was retired last year as a laborer in the Chickamauga and Chattanooga National Military Park at Chattanooga. He claims December 15, 1820, as his birthday. Mark was born in Louisa county, Va., and for more than forty years was a slave, the property of a Dr. Christopher Thrash.

TWELVE BURN TO DEATH IN BIG OIL GUSHER BLAZE

Mexica, Texas.—Twelve men were burned to death when a gusher near here, caught fire. One man was taken to the hospital in a serious condition. The fire started from a spark caused by a pebble being thrown against the control head. The well had just been brought in and thirteen men were working on the rig when the flames enveloped the entire outfit.

Night-Flight Pilot Selected

Omaha.—A definite start on the proposed institution of regular night flights between New York and San Francisco this summer was made when Jack Knight, air-mail pilot attached to the Omaha station, was transferred to experimental night flying, to prepare for the new service.

Harding Enlarges U. S. Forest

Washington.—President Harding has signed an executive order adding 562 acres to the Pinnacles National Monument site in California.

CALIFORNIA NEWS BRIEFS

The school of biology includes the departments of anatomy, bacteriology and experimental pathology, biochemistry, botany, entomology, food research, Hopkins marine station, paleontology, physiology, physchology and zoology.

The passing of Martin Kelly, veteran political "boss" of San Francisco in the late '80s and early '90s, marks the close of the remarkable career of a man who made his way from the ranks of labor to a place at the top of the political ladder in Central California. Kelly, who was 75 years of age at the time of his death, was a native of Bristol, England.

Workmen razing the old First Congregational church at Sacramento, said to have been the oldest Protestant church building in California, discovered aged and rotting timbers in the roof supports, which were close to the breaking point. It is regarded by builders as a miracle that the structure did not give way. A main span was found almost cracked in two. The building was vacated only three weeks before.

Eleven cents a pound for Royal Anne (red) cherries and 9 cents for soft white cherries will be asked this year of canners.

SCHOOL OPERATA NEXT WEEK

"Miss Cherry Blossom," a musical comedy in three acts will be presented by the students of the C. U. H. S. Friday evening, May 25, at 8 o'clock, at the new grammar school auditorium. Admission will be 25 cents.

The operetta has for its setting a Japanese tea garden in Tokio, Japan, where Miss Evelyn Barnes, an American girl born in Japan, whose parents die of fever, is brought up as a Japanese maiden. Her father's secretary uses her property for his own ends.

When Evelyn, who is known as Cherry Blossom, is about 18, Worthington (the secretary) returns to Japan on his yacht with a party of American friends. One of these, John Henry Smith, falls in love with Cherry Blossom, and wishes to marry her, but Kokemo, who has brought her up as his own daughter, wishes her to marry Togo, a rich politician. The action of the piece centers around Jack's effort to outwit Togo and Kokemo. Eventually Cherry learns her true identity, comes into her own property, marries Jack and all ends happily.

The solo parts will be rendered by Geraldine Delbow, Mary Devitt, Franklin Blaine, Antone Bonaccorso, Gayno Eddlemon and Robert Vincent. A Japanese fan dance by Geraldine Delbon and chorus will be one of the feature numbers.

The cast of characters is as follows:

Cherry Blossom (brought up as the daughter of Kokemo, in realty Evelyn Barnes of N. Y.) ..... Geraldine Delbon

Kokemo, proprietor of a tea garden in Japan ..... Antone Bonaccorsa

John Henry Smith, a New Yorker, on a visit to Japan as guest of Mr. Worthington ..... Franklin Blaine

Henry Foster Jones, Jack's pal, in love with Jessica ..... Gayno Eddlemon

Horace Worthington, a New York stock broker, who is entertaining a party of friends with a trip to Japan, ... Chester Hultberg

James Young, Worthington's private secretary ..... Yale Maxon

Jessica Vanderpool, Worthington's niece ..... Mary Devitt

Togo, a Japanese politician of high rank ..... Robert Vincent

Chorus—Geisha girls, American girls and men.

TENNIS TEAMS WIN

Campbell Hi girls played the first tennis tournament with an outside school last Friday with Santa Clara Hi on their courts. Anna Lund won first singles for Campbell, 4-6; 7-5,; 6-3. Geraldine Delbon lost to her opponent in second singles.

Ruth Miller and Wilma Smith won first doubles, 6-2; 6-2; and Wanda Bly and Loraine Suggs won second doubles two sets out of three but we did not learn the score.

The Sophomore class enjoyed a delightful picnic last Saturday at Long Bridge above Congress Springs and the Freshman class are planning one at the same place tomorrow.

Enjoy Annual Picnic

Between 50 and 60 members of the Fire Company and friends motored to Santa Cruz Sunday for the annual picnic. The cove and beach near the light house was chosen for the grounds and the company had a very fine time.

Old time games were played and, of course, many enjoyed a swim, as sunburned necks and arms bear witness.

A number of the Fire Company remained in Campbell as a matter of safety and protection in case of need for which the citizens are indeed grateful.

GEO. E. HYDE TO MANAGE PLANT UNDER REORGANIZATION PLAN

Confidence in His Integrity and Ability Assures Continuance of Industry

The creditors committee has made a re-assignment to Geo. E. Hyde & Co. that the firm may continue its packing industry.

This company has passed thru one of the most trying seasons in its history as have many others and has weathered the storm. Since the beginning of the concern in 1892 the business of packing dried fruits was carried on until in 1916 when 12000 cases of green fruits were packed. The canning business continued to grow until last year the pack was 163000 cases.

When the sugar slump came in 1920 about 85 percent of the booked orders were refused and Mr. Hyde carried over a heavy pack in high priced sugar at a loss on some as high as 60 per cent.

He had succeeded in selling most of this with the 1921 pack and was in a fair way to come thru when a big cut in the cheaper goods was made by big packers in January of this year. Mr. Hyde had a large stock of this class of goods on hand and he had figured on closing out this stock at prices that woul dpay out. The cut had brought these goods below a profit mark and so Mr. Hyde made an assignment to his creditors in February.

After a creditors committee had worked out a plan of procedure and a working capital had been secured the company was reorganized. Geo. E. Hyde is president and manager, Warren Hyde is vice president and A. U. Peterson, secretary-treasurer Ralph Hyde will have charge of the sales department. C. E. De Selle will head the canning department and G. C. Archibald have supervision of the warehouse and shipping. Ralph Hyde will leave tomorrow on an extended sales trip East. St. Louis will be his first stop. Touching at other points he will go as far as Boston where about one-third of the famous Hyde Quality goods are sold for New England points. It has been a strenuous uphill fight but George "Enthusiasm" has made a clean fight of it and the success of the plan is due to the friendship and universal confidence in which he is held.

He wished the Press to state that the courtesy and kindness of his creditors, secured and unsecured, has won his eternal gratitude.

SURPRISE SHOWER GIVEN MISS TOWNSEND

Miss Pearl Townsend was the honored guest at a miscellaneous shower given by the Misses Ethel Enemark and Lois Bohnett at the Jos. Bohnett home on San Jose-Los Gatos Road. Saturday evening, May 12.

Miss Townsend and her finance, James A. H. Campbell, who came down from Oakland Saturday, were met in San Jose by Miss Lois Bohnett and the shower was a complete surprise.

The house was beautifully decorated with pink and white roses, and the refreshments were in keeping, ice cream roses and cake shaped hearts were served from a table artistically arranged with roses and hearts.

Miss Townsend was the recipient of many useful and charming gifts among which there were no duplicates.

The guests were Fern Brundage, Gladys Townsend Lloyd, Sara Plummer, "Billie" W. Ross, Catherine Gullick, Hollis Townsend, Irene Pannell Bohnett, Emily Gard, Hattie Gardner, Miss Townsend and the hostesses.

The wedding will take place on June 10th at Hollister and Mr. and Mrs. Campbell will reside in Oakland where "Burt" is employed in the Durant factory.

SCHOOL CARNIVAL A BIG SUCCESS

The May Carnival held Tuesday at the C. U. G. S. was a marked success, both in points of achievements and of financial returns.

Teachers, members of the Home and School Club and pupils, all had worked indefatigably to secure the results attained. Initiated by a fine street parade, the entertainment continued with unabated zest until well along in the evening.

There were two programs, both afternoon and evening, those in the auditorium being free, while the kindergarten and first grade charged a ten cent admission. A stage effect, with draw curtains, had been arranged before the fireplace in the kindergarten room, and following announcements made by a diminutive "Mother Goose", numbers of her children exemplified the well known rhymes. The costuming of these many characters was no small undertaking and their stunts were heartily enjoyed.

The other grades combined in presenting their numbers: Selections, Boys' Band; Group Singing, Primary Grades; Playlet, "Waiting for the Train," high eighth; Character Song, Walter Prout; Old English Folk Dance, sixteen girls of primary grades; Songs, Intermediate Grades; Dialogue, "Mother's Surprise," High Fifth; Poppy Dance, High Seventh; Irish Jig, Cynthia Morris, Anita Strom; Dialogue, "The Lost Trousers," Fourth Grade; Songs, Grammar Grades.

The zone was quite realistic with its many attractions, stands and booths for the regulation pink lemonade, hot dogs, etc.; and the various other concessions, circus, art gallary, nigger babies, fish pond and so on thru the list.

Mr. Cuthbertson has reported that $152 were cleared which will be paid on the equipment for the school cafeteria, which still maintains its opening popularity.

STILL GROWING

Building operations in Campbell continue very active. In a walk or drive about our streets one is surprised at the number of new houses under construction in all stages of completion. Among them are that of Mrs. Spagnoli and William Mason on Alice Way, those of S. L. Hayes, G. M. Ellison and Archie Keesling on Rincon Avenue, four for Ralston Alison, two on South Second, and two on East Campbell Ave., those of E. E. Lanphear, Guy Shepherd and Merlin Bohnett on Santa Clara road and two on South Third St.

Houses and lots are changing hands as well. Chris Hosick of Wrights has bought a house on Whitehall St., C. B. Randall of Los Gatos, the Huntley property on Sunnyside, Fred Mathis of San Jose the Stanley Isbell house on Rincon Ave., and a lot in the Sourisseau tract to A. Bargas.

The Ladies Aid of the M. E. church will give a strawberry tea Thursday afternoon, May 24, at the home of Mr. and Mrs. Harry Williams, on San Tomas Road. A short program will be given and a delightful time is anticipated. Those without autos desiring to come, please be at the church corner at 2:30. Tea, 15 cents.

EARTH HAS NO SPECIAL SEASON FOR MOTHER'S LOVE

Sunday, May 13th, was Mother's Day. All over the country this special day has been set aside to do honor to the mothers of the world. But every day, is Mother's Day, after all. There is no time, no season of the earth or of the heart, that is not mother's Day.

From the first moment, when God sets upon her brow the wonderful halo of motherhood, to that last day, when she leaves life desolate, each day is hers, a pearl of great price. Sometimes it is late when this realization comes to us. We are so apt to take all the gracious deeds of ministration as a matter of course. We are so prone to forget the sacrifice, the care, the love that have gone into each day that she has spent with us.

God made mothers to keep the world sweet and sane. Through all the petulances of childhood, through all the aspirations, the despairs, the hopes, the discouragements, the desolations of life, her love follows, an unwavering light of benediction.

There are words, silvern and beautiful, in which one may speak of the love of youth; there are words ringing and golden, that may tell of the love of life; there are words like a flame that may voice the love of country, but no one may find words that speak a mother's love.

For the words that speak of mother love, that call to mind the long hours of her tender care, the days of her unfailing courage, the depth of her sacrifice, the beauty of her service, and the glory of her love, are words that are held close and sacred in the heart, and are whispered only in the still watches of the night, in prayer, to an all wise Father who made mothers to bless the world.

GARDENING FOR FUN AND BEAUTY

We Americans are a busy bunch. We find time, however, to enjoy ourselves. Yet, as a nation, we have not found much fun in keeping flower gardens.

It is not that we do not enjoy the pleasures that beautiful gardens give. If our flower bill could be compared with that of other nations it would doubtless appear that Americans spend many times what other nations do for flowers. Yet for the most part we are not people devoted to cultivating plants that shall bloom in gardens about our homes. Perhaps we have not the time. We have become specialists in our work. And we have grown to think of the florist as one who shall supply our needs in this direction. And if we have a flower garden, that calls for a gardener. Seldom do we find men with a hobby for cultivating flowers. If any gardening is done, it is more often to provide something to eat. Yet is the utility of cabbages and onions more necessary to the body than is the sight and the breath of flowers to the refreshment of our spirits?

Since the first garden was planted men have found pleasure of the purest kind in tending and admiring the blossoms. A house without a touch of verdure about it is not lovely. The handiwork of man is not complete without the touch of heaven that the grass, the flowers and the trees give.

Perhaps we are not yet rooted firmly enough in the soil to garden finely. Maybe we have not yet sensed the delight of training clusters on trellises and of playing around in the fashion of a gardener. And we scarcely miss the elegency which a flower garden could express about the home.

REMEMBER YOU ARE ONE OF THE BUSINESS PARTNERS

How often we hear people complaining that Campbell Santa Clara County, California or the national governments should make an appropriation toward something they are specially, and perhaps selfishly, interested in. It seems we forget that our government and the people are one, and that the people pay all expenditures of the government. It is hard for us to realize this fact and that is one of the greatest reasons why government operations pile up such huge expense accounts that have to be met in the form of taxaiton returns from the people.

If we could each and all get the fact firmly fixed in our minds —then absolutely carry the idea into practice—that we are partners in the big business concern reaching all the way from local to national government, then act as judiciously in conserving the government bank account as we do that of our personal business transactions, then we would begin to enjoy a reduction in taxation. But just so long as we harbor the idea that government is a business institution other than our own and continue as willing feeders at the public crib, we can hope for no reduction in expenses of operation.

We should not forget that always the people must pay. And as individual members of the greatest, biggest and best business corporation in the world we should be conservative in its expenditures, using our best efforts to stop the leaks, put a curb on the reckless spenders and pry the leeches loose that are continually draining the nation's resources without giving anything in return.

Do this and we not only become reliable and efficient members of the corporation, but we will have more of a real claim on ideal and reliable citizenship.

W. C. T. U. NOTES

The W. C. T. U. held its regular meeting with Mrs. Wilson, Wednesday, May 9.

A note of thanks was received from the Medical Officer in charge at the hospital at Palo Alto for the delicacies sent to the patients by the Union. These consisted of jelly, jam and home-made cookies.

The Union heartily commended the action taken by Mr. Cuthbertson, principal of the Union Grammar School, in stopping playing marbles "for keeps", and a letter of appreciation and thanks was sent him by the secretary.

Delegates to the County W. C. T. U. convention at Palo Alto gave very interesting reports. The descriptions of the Memorial services for deceased members, and the Child Welfare playlet, "A Little Child Shall Lead Them" were especially appreciated.

Miss Ila Hoerler, of Los Gatos, was a guest and charmingly recited "Hiawatha's Childhood."

The next meeting will be with Mrs. Farr, when Mrs. Cora Baker will speak on "Child Welfare," and each member will give reminicences of their childhood days. This meeting will be on Wednesday, May 23, at 2:30. All mothers are cordially invited to attend.

ORATORIO SUNDAY

"The Holy City", an oratorio by Alfred Gaul, will be heard at Trinity church in San Jose on Sunday, May 20, at five o'clock, and Monday, May 21, at eight. The general public is invited to hear this celebrated choral work. The entire production is in the hands of LeRoy V. Brant, organist and choirmaster at Trinity.

It is said that this oratorio is one of the most brilliant and tuneful written of late years. It contains parts for the male voices, female trio, female quartette with baritone obligato, echo choirs, and many others of beauty and out of the general run of choral music.

The soloists for the day will be Mesdames Lulu Pieper, Sanford Bacon, and Messrs. Roy Thompson and Frank Towner. A large choir has been assembled for the production, and a beautiful rendition is assured.

CARD OF THANKS

We wish to express our deep appreciation to our many friends for their beautiful floral offerings and many acts of kindness and comforting words extended to us in the loss of our husband and father.

Henry Speaks Again

WHATEVER HENRY FORD SAYS is interesting, just because the talker is this well-known Henry. But on account of his being so widely quoted there is all the more reason for taking him up when he is mistaken. He was most decidedly wrong the other day when, according to newspaper report, he said that a man should not bother to begin saving money until after he is past forty.

At forty the average man begins to emerge, to let us know the stuff of which he is really made. If he has been working for a salary or wages, and began to save at twenty-five, by forty he is well on the way to independence. Fifteen or twenty years more of saving will give him a competence. Or if he wants to change now and go into business for himself, he has some capital and can, on his past record of saving, borrow more. In either case, his habit of saving gives him a pretty strong grip on a secure future—and he is glad that he began saving long before was forty.

Still, even if Henry Ford did miss the mark about the forty, he said something else at the same time that is very wise. He said that a man should spend the time until he is forty in preparing himself for some big work. Then the money will come in quantities. This reminds us of a conversation overheard lately. A salesman remarked to a business man:

"I suppose that you'd like to know some quick and easy way of making money."

"Not at all, you've got me wrong," countered the other, "I only want to learn how to make myself a better business man, worth more to the world. Then the money part will take care of itself."

Now, there are two worth-while ideas here, in all this. Why not combine them? Suppose we begin saving as early as we can. That will make a modest success reasonably secure. However, we can each do more than that. We can study, watch, learn—equip ourselves to render the world bigger service; then we will be paid in proportion.

A Cooling, Invigorating Drink

Pinebrosia; Liquor of Gold: You know without argument, the value of fruit in general, and of pineapple in particular. You know, too, from personal experience, that longing for a cold, refreshing drink that comes unbidden along with summer's warm days. In Pinebrosia, Liquor of Gold, you have two wants supplied in a pure fruit beverage. It is the juice of Golden Ripe Pineapple concentrated by a new process. Read the directions.

Directions: To one part Pinebrosia, add four parts iced water (the proportions may be varied to suit the individual taste.) Use either plain iced water or charged water.

One pint bottle of Pinebrosia makes ten delightful drinks. Although you may like Pinebrosia so well from the first that it will "get" you, it will be a safe habit. The price per bottle is 25c.

Australian Jams: A new lot of the popular large size. Remember that this jam is being sold far below its real value, having been made of low-priced sugar. You will find several pleasing novelties in the assortment—such things as Gooseberry, Melon and Lemon, Damson Plum, Melon and Ginger—besides the usual fruit flavors. The can, 20c; small, 12c.

Mrs. Briscoe's Crullers: Everybody is going to like this new item in Mrs. Briscoe's service. Sweet and crisp, like Mother's used to be, before she became too busy to make them—and what's the use, when Mrs. Briscoe's service is so convenient. Crullers, the dozen, 25c. See the other fine cakes, too.

Heinze Vinegar: When Heinze put a vinegar factory in Watsonville the farmers were wonderfully amazed that nothing was accepted but perfectly sound apples. Every apple that is crushed for Heinze Vinegar is good enough to serve on your table. So Heinze Vinegar is the table vinegar par excellence. Three kinds—cider, white, and malt; two sizes—25c and 40c.

S. N. Hedegard visited rice lands in Glen and Colusa Counties last week. He was accompanied to Stockton by Mesdames S. N. Hedegard and Louis Shelley, the incoming presidents of the Home and School Club and of the High School P. T. A., who atended the State Convention of Parent-Teacher Associations at Stockton.

Mrs. W. T. Morton was taken to the hospital Tuesday where she underwent an operation Wednesday morning. Last Thursday she was dangerously ill from an attack of acute indigestion but was seemingly recovering until Tuesday she was so bad again that it was deemed advisable to remove her to the hospital. Dr. Merrill reported her as doing very well following the operation.

OFFICERS ELECTED

Monday afternoon the Country Woman's Club met in annual session at the home of Mrs. R. H. Hyde.

Various important matters concerning the new library building were considered and reports from various officers and committees were given.

The president, Mrs. E. R. Kennedy, in her address to the Club, had made a careful survey of the aims and privileges of the organization. She expressed her grateful appreciation of the support given the directorate, and the wonderful work done by the committees. She particularly urged upon the members the great necessity for them to "carry on" when the ne wbuilding is completed, and public enthusiasm and interest may perhaps wane.

The new board of directors chosen were, Mrs. E. R. Kennedy, Mrs. L. J. Carboni, Mrs. Maud Hyde, Mrs. F. V. Perrott and Mrs. Ellen R .Smith, and they elected officers as follws: Mrs. Kennedy, President; Mrs. Perrott, Treasurer; Mrs. Carboni, Secretary; Mrs. Smith, Director-at-large.

"Y" BANQUET

The annual "dad and lad" banquet under the direction of Harold Lucas, County "Y" man Tuesday evening was a most enjoyable affair.

Altho the attendance was not as large as at some former times the absentees were the loosers both in eats and sociability.

The ladies of the Congregational church served the banquet in the parlors where the program, talks by boys, old and young, and songs by the bunch were also held.

Mr. Chandler of the San Jose Y. M. C. A. was the speaker of the evening giving the men and boys some facts well worth remembering.

Pat Feted

Burt Campbell was surprised by a bunch of his boy friends Saturday evening at the home of Henry Gullick. Cards and a general good time were enjoyed until a late hour. The boys presented Burt with a nice smoking stand.

Those present were Claude Townsend, Willard and Burnett Whitford, Lawrence Hendricks, Life Price, Ralph and Herbert Gardner, Ted Hubbell, Burt Campbell and Henry Gullick.

Teacher Honored

Saturday night the seventh and eighth grades of the Cambrian school gave their teacher, Miss Grace Hanson, a party at the beautiful country home of Dr. A. B. Townsend.

The main feature of the evening was the "Spider Web" game, which caused much merriment.

After light refreshments, every one departed for their homes having had a most delightful time.

Mrs. E. C. Merrill and Elsie returned Tuesday morning from their vacation at Lo Jolla.

Mr. and Mrs. William Lloyd, the Misses Hagelin and Wilburn and Messrs. Merlin Bohnett and Claud Brady attended the opening Sunday of the Burlwood Country Club near Mill Valley. This is the recreation ground for the employees of the Mercantile Trust Co. and besides affording lodging and accommodations has a golf course, tennis courts and all the usual amusements of a club house of that kind.

GOOD BYE, BOB

Good bye, Bob; good bye, good bye,
In this world thy course is run,
The long days task is over now,
And the battle of life is done.

Good bye, Bob; some ways are rough
Thru which our lives are drawn
But at the end the traveler rests
And views the glorious Dawn.

Good bye, Bob; good bye, good bye,
May the quiet shadows wave
And wild birds sing their sweetest song
Near the spot that marks thy grave.

15 COUNTIES DEBTLESS

Sacramento.—County indebtedness in California for 1922 totaled $119,221,295, of which $71,117,200 was charged to San Francisco county, according to figures made public by State Controller Ray L. Riley.

The following fifteen counties were reported free of indebtedness: Calaveras, Amador, Humboldt, Inyo, Mariposa, Mono, Nevada, Placer, Tuolumne, Trinity, Siskiyou, Sierra, Shasta, Marin and Madera.

J. G. Houston was killed when an automobile went over a bank near Long Beach as he was closing a door just after taking the wheel. S. E. Thompson, owner of the car, was hurt. Both were of Vancouver, Wash.

A record in divorcement was established in San Francisco by Mrs. Clara Elgiva Dessel who appeared in court fifteen minutes after her attorney had instituted suit against Frank W. Dessel, druggist, and five minutes later left the courtroom freed of her marital ties.

IDAHO THREATENS TO CALL TROOPS ON OUSTED WOBS

Spokane.—The head of the Idaho state law enforcement bureau has said that state troops will be called if necessary to prevent I. W. W., recently deported from Bonners Ferry, returning to Idaho. A dozen deportees are thought to have returned through Bonners Ferry on freight trains. Fifty citizens who conducted the roundup in motor trucks have been deputized. Twenty-five men were recently transported over the state line and warned never to return.

Cross Country Zeppelins, Plan

New Orleans.—Zeppelin-type airships will be operated between New Orleans and San Diego, New York and Cuba, Mexico, Central America and the Canal Zone, according to Rear Admiral Fullam, who said such plans are already definitely under way by the Commercial Airways of America company.

EVIDENCE OF DISASTER

Wreckage Discovered Near Half Moon Bay

San Mateo.—A life preserver bearing the name of The Lake Sunappe, and furnishings from what apparently was a luxuriously fitted up cabin of a vessel, were found washed ashore at Point Tunitas, near Halfmoon bay by B. L. Werder, fire warden of San Mateo county. A cabin door, pieces of bedding and pieces of cabin upholstery were among the wreckage.

The marine department of the Chamber of Commerce has no record of any vessel named The Lake Sunappe being registered under the American flag, and no record of a vessel by that name being missing.

Washington.—The Federal Farm Loan board has called for redemption May 1 all outstanding bonds of the twelve farm loan banks issued May 1, 1918.

RUM-RUNNING TUG SINKS

New York—Caught in the storm that has been beating the Atlantic, a sea-going tug of the rum running flotilla floundered and sank off Ambrose Lightship with two hands of the crew of three and 1000 cases of whisky, the dry navy reported to Prohibition Zone Chief John D. Appleby.

The dry navy officials said that fifteen rum runners have been sunk in New York since enforcement of the Volstead act began.

"King Benjamin" Abroad

St. Joseph, Mich.—"King Benjamin," caliph of the House of David, who has been missing since January, is abroad negotiating for the removal of his Israelite colony to Palestine, says Cora Mooney, one of his viceroys. The "monarch" has been variously reported as in hiding in flight and dead. The Mooney woman said Benjamin had departed in January for Australia, intending to visit England and finally the Holy Land.

Have you something to sell? An advertisement in the Press will bring you a buyer.

pay less and get more in lubrication

It is a fact, that the "body" of Zerolene follows the changing piston clearances of the automobile engine more closely than other oils, no matter what price they sell at.

Zerolene, made from selected Naphthenic-Base Crude piped separately to the refinery, and manufactured by our exclusive high-vacuum process, resists heat better, forms less carbon, and consequently *the car lubricated with it will run from 25% to 50% farther* without having valves or cylinders cleaned.

Zerolene reduces friction and wear to a greater extent than any lubricants we have seen and tested, or been able to produce for the automobile.

Insist on Zerolene—even if it does cost half as much.
